Share the work. Keep the care clear.

One lead, a realistic backup, and instructions everyone can find.

Dog / household

Plan reviewed on

01 Who has agreed to do what?

Task / exact instruction location	Lead	Backup / accepted?
Food and water, using the individual plan		
Toileting / movement, using the agreed method		
Prescribed medication and actual-dose record		
Bedding / cleanup / supplies		
Company / supervision required by the care plan		
Clinic communication / transport		
Other:		

02 If the lead cannot come

Backup person / contact

Availability confirmed / remaining gaps

If no suitable cover is available, who will contact the clinic about safe care arrangements?

03 At the handoff

☐ Incoming person accepted the task and timing.

☐ Necessary handling was demonstrated and understood.

☐ What happened and what is still due are written down.

> In an urgent health change, contact the veterinarian or emergency hospital immediately. Do not wait for this plan or a reply from the owner.

Basis: AAHA 2023 Senior Care Guidelines, “Managing the Caregiver Burden” and “Senior Care Kits.” This is an editorial planning aid.
