Tell the vet what the day is like.

Your dog's comfort and your capacity both belong in the conversation.

Dog / appointment

Clinic / contact

01 What has changed for my dog?

What I observed / when / what seems to help

02 Which part of care is becoming unmanageable?

Sleep / lifting / cleanup / work / cost / time alone

03 What do I need the team to help me work out?

- Which changes should be assessed first?
- What care is essential, and who can safely carry it out?
- What should we do if a treatment is missed, refused, or uncertain?
- What signs require an immediate call, and which number do we use?
- What local support or care arrangement may be suitable?

04 What did we agree?

Instructions / who will do what / where the written plan is kept

Follow-up agreed by the clinic

After-hours contact

This sheet sets no medical deadlines, doses or treatment changes. Follow the individual instructions from your veterinary team.
